

GENAI INNOVATION ACCELERATOR

GenAI is revolutionizing industry, offering vast opportunities for forward-thinking companies. Yet, the rush to use AI for a competitive edge is revealing challenges and maturity gaps. Swiftly overcoming these hurdles is critical for businesses to secure first mover advantages and fully benefit from AI. To unlock the potential of GenAI, organizations must swiftly enhance AI readiness, maturity and project execution. This involves creating a robust AI process and ecosystem for transformative change, covering everything from conception to AI monitoring.

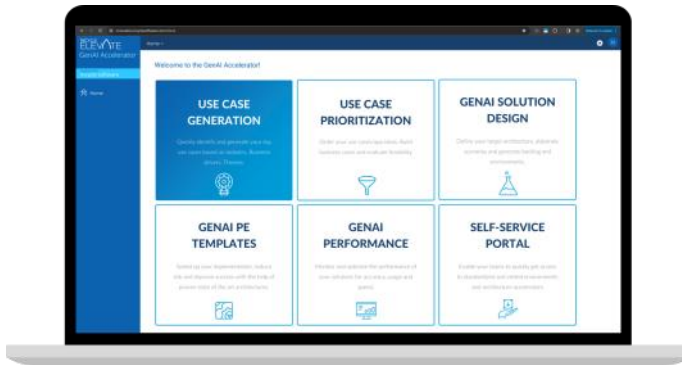

A better way

Springboard to GenAI at Scale

InCycle's innovation platform is redefining the landscape of AI adoption. By consolidating and optimizing the processes of ideation, design, and validation, what once took weeks or months can now be accomplished in mere days. This streamlined approach has yielded extraordinary enterprise efficiency, achieving gains ranging from 500% to an impressive 1000% and beyond.

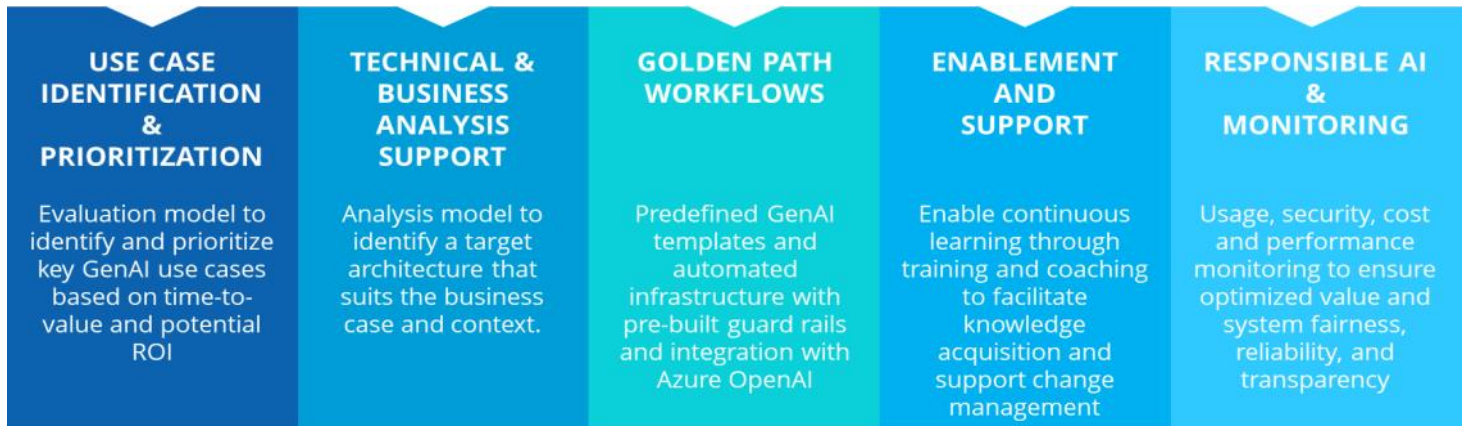

A standardized GenAI lifecycle accelerates ideation, design and implementation, reducing time from PoC to production.

GenAI Platform Overview

1. Pre-approved enterprise templates for business cases (designed for CTOs & CFOs!)
2. Built-in solution architectures (RAG, fine-tuned, prompt engineering etc.)
3. Customizable Azure technology preferences (point and click!)
4. Automated Azure provisioning (complete with pre-configured policy, security, etc.)
5. Ready to use enterprise integration (GitHub and Azure DevOps)
6. Self-service enterprise portal (platform engineering UI)
7. Embedded governance that addresses resource organization, billing, policy and identity/access

Platform Enabled Enterprise Requirements for GenAI Adoption at Scale

"InCycle's **GenAI Innovation Accelerator** standardized our AI adoption process and provided enterprise grade maturity out-of-the box. Combined with reusable assets and native integration, we significantly reduced our time to production"

Sr. VP, Enterprise Solutions
Large Consumer Goods Company
